Declaration of Tevema: **REACH, ROHS and Conflict Mineral Compliance**

Tevema acknowledges and complies with the European Reach regulation (Regulation (EC) No 1907/2006 of the European Parliament and of the Council of December 2006 concerning the Registration, Evaluation, Authorisation, and Restriction of Chemicals), including any subsequent corrigenda.

Our technical springs are produced in accordance with the Amended Directives 2011/65/EU and 2015/863/EU of The European Parliament and of the Council, restricting the use of hazardous substances (RoHS).

We also certify that none of our products and materials contain substances of Very High Concern, defined by Article 33 of the REACH regulation as substances listed on the candidate list with a concentration >0.1% (w/w). According to Article 59 (published on Jan 23th, 2024), the current candidate list contains 240 substances.

Furthermore, our products and materials comply with the Dodd-Frank Wall Street Reform and Consumer Protection Act (Section 1502) dated July 21st, 2010. We guarantee that our products do not contain tin, tantalum, gold, and tungsten sourced from the Democratic Republic of Congo (DRC).

We continually review and reassess our lists of substances, and if a substance is found or changes are necessary, we will promptly notify our affected customers.
